PRE-ADMISSION VISITS AND MEETINGS

Prospective parents and children are welcome to visit the School as often as they like before the child is admitted to the School.

Visits to the school are designed to enable parents/carers and children to tour all parts of the School, to meet key members of staff and to ask any questions. Some parents/carers and children find it helpful to write down a list of questions beforehand.

Equally, the admission meeting allows us to ensure that parents/carers and children understand how the School operates. Once parents/carers have decided that their child should attend the School, a starting date will be agreed

ADMISSIONS

Children are referred to the School by placement panels and Local Education SEN Officers which operate at local and County level.

All of the children have Social, Emotional and Mental Health Needs (SEMH) or Autism (ASD) as their main SEND. Many have in addition, complex health needs. Behaviour is the biggest barrier to accessing education.

Many of the children are underachieving and will require a great deal of help and support in the classroom.

On admission to the School, all children will undergo a period of assessment, as teachers find out what they can do, and where there are gaps in their knowledge. As this process proceeds, teachers will begin to identify individual learning targets for the child.

The School has the same holidays as other Kent Schools, and also has 5 staff development days when children are not in School.

What the School Offers

TRANSPORT

All transport to and from the School is organised centrally by Kent County Council, Passenger Transport. The contact numbers are given below:

PASSENGER TRANSPORT 03000 416777/03000 418484

If there are difficulties with transport, please inform the school and we will do our best to sort it out. Ultimately, the responsibility lies with Kent County Council Transport Department.

PARENTS AS PARTNERS

The School values the contributions that parents/carers have to make, and acknowledges the need for parents/carers and the School to work closely together.

Parents and carers are welcome to contact or visit the School at any time, particularly if they have any worries or concerns about their children.

HOME/SCHOOL LIAISON PROCEDURES

The School liaises with parents/carers on a day to day basis. Daily liaison covers a range of issues, e.g. attendance, medical matters, transport arrangements and the reporting of significant incidents – either at school or at home.

If your child is ill at home then it may be better to allow them time to recover, before returning them to school. Please contact the school either by email, telephone or letter advising us of any reasons for absences your child may have.

Children who become ill whilst at School will be looked after until we can contact parents/carers and arrange for them to go home.

Each pupil receives a weekly report, written by his form tutor, which outlines progress made in lessons, behaviour, major achievements and any concerns. These weekly reports are emailed directly to parents/carers/Social Workers.

All students receive two academic reports per school year (Mid Year and End of Year School Reports). In addition to the above, the School holds an Annual Review of the child's Education, Health and Care Plan (EHCP), and two provision plan reviews punctuated across the year. Annual School Reports are sent home to all parents towards the end of the Summer Term. Parents' evenings are held shortly after to discuss reports, celebrate achievements and plan for the following year. At the end of the Summer Term there is a Sports Day, which provides an opportunity for staff, parents and pupils to meet in a less formal setting.

PRAISE, REWARDS AND SANCTIONS

At Portal House we recognise, praise and reward good work and appropriate behaviour. We operate a Whole School Behaviour Management Scheme, whereby pupils earn points for “getting it right”. They are awarded points for consistently achieving their personal provision plan targets and following the six school rules. Pupils are monitored and awarded points throughout the day. Each week points are totalled and during class Praise Assemblies on Fridays, pupils are presented with a certificate in recognition of their point’s achievement. Pupils who achieve the ‘Gold’ target number of points are invited to ‘Gold Time’ from 10.30 a.m. – 12.00 p.m. on Friday mornings.

Pupils who consistently achieve excellent points, feel ready to be self-monitoring, and are self-motivated to achieve, are awarded Senior Status.

The school does all it can to focus upon the things that pupils do well, but sometimes, for whatever reason, a pupil will disobey school rules. There are always consequences to actions. All the usual school sanctions apply with regard to individual needs and circumstances.

Our school rules are accepted by all and recognise that we all have individual rights and responsibilities.

THE SCHOOL RULES

1. Be in the right place – be safe
2. We do as we are asked
3. We speak politely to everyone
4. We do not hurt anyone
5. We respect other people's possessions and property
6. We do not swear

- To be able to teach and learn and make the most of the opportunities available.
- To be treated with respect.
- To be safe emotionally and physically.
- To have a pleasant environment in which to teach and learn.

Responsibilities:

- To treat each other with respect.

- To look after school – furniture, equipment and environment.

SCHOOL COUNCIL

The School Council is a pupil body whose aim is to promote the best interests of the school and to provide experience of the democratic process for all of its members.

At the beginning of every term a representative is elected from each class. The representative then attends monthly meetings where items supported by a majority of a class are discussed. The representative is responsible for relaying the events of the meeting back to the class.

ANTI-BULLYING STATEMENT

Portal House is totally opposed to bullying in any of its forms and it will not be tolerated in school.

We have a comprehensive anti-bullying policy, which operates within school. All pupils, parents and staff are made aware of the content of the policy and what to do should a pupil feel they are being bullied.

We are committed to providing a safe, caring environment for all pupils so they can learn in a relaxed and secure environment.

EQUAL OPPORTUNITIES AND ACCESS

Portal House School aims to provide all pupils with equal opportunities. They will have equal access and opportunities within the curriculum, both formal and informal, so that when leaving our school, they have the widest possible options available to them, educationally, socially and vocationally.

The school building takes into consideration relevant legislation to provide accessibility for all.

LINKS WITH THE LOCAL AND WIDER COMMUNITY

Portal House actively pursues community links with the village of St. Margaret's and the surrounding Dover/Deal area. Most Governors live in St. Margaret's or the surrounding area.

The school frequently welcomes a range of visitors to the school to enhance the curriculum and education experiences of the pupils. Enrichment activities often involve visiting local venues and engaging with the wider community.

The school has established several curriculum links with a variety of secondary schools in the area.

Portal House is a partner member of the Kent Special Educational Needs Trust (KSENT).

SPECIAL EDUCATIONAL NEEDS POLICY (SEN POLICY)

All pupils at Portal House have Special Educational Needs and have a current Education, Health and Care Plan (EHCP) issued by the Local Education Authority. This document clearly states individual needs and what provision is required to address these.

For all pupils at Portal House the main or dominant Special Educational Need will be of a Social, Emotional and Mental Health nature or Autistic Spectrum Condition. Most pupils have additional health needs, specific learning difficulties, Autism – including Asperger's syndrome, ADHD, ODD and other medical or psychological conditions.

Our policies, procedures, staff environment and curriculum enable us to meet the special educational needs of the pupils.

All pupils have equal access to our broad, balanced and relevant curriculum. We teach the National Curriculum. Where necessary the curriculum content is differentiated to meet individual needs. The level of support a pupil may receive is tailored to individual needs. All pupils have Provision Plans which are reviewed three times a year. Targets are discussed and set with individual pupils and shared with parents/carers. Progress towards targets is monitored and reported to parents on a weekly basis.

All pupils have individual learning targets as well for each curriculum subject. These are also discussed and set each term and shared with parents/carers.

We support the national agenda to promote social inclusion and where appropriate pupils are encouraged to return to mainstream education on a part-time or full-time basis.

Each classroom/learning environment is spacious and well resourced. We have specialist areas for Science, Art and Design, cooking, Music, P.E. (gymnasium, fitness room, playground area, sports field). Each tutor room has an electronic teaching panel and a computer for each pupil.

HOMEWORK

Portal House does not set formal homework for pupils.

However, we do encourage pupils to pursue out of hours learning and when requested, provide support and resources to enable this to happen. The needs, motivation and confidence of the pupils are of paramount importance. Where pupils are identified as having an interest or individual need, they are encouraged and supported to develop these outside normal school hours.

All pupils are encouraged to use and practice their literacy and numeracy skills whenever possible in their out of school life.

The Government guidelines on homework do not apply to Special Schools.

WORK EXPERIENCE

All Year 10 pupils participate in one week blocks of work experience placement of their choice. This is organised by the School. The work experience week takes place in June, while Year 11 sit their GCSE exams.

PERSONAL, SOCIAL & HEALTH EDUCATION & CITIZENSHIP (PSHE)

Our aim is to enable all pupils to develop their personal identity and self-worth and at the same time develop respect for others. Great emphasis is placed on self-advocacy, although many pupils do find this difficult. As a consequence of this we constantly seek ways of enabling pupils to make decisions and choices appropriate to their needs and age.

We have a close relationship with other children's services who visit the school for various meetings from time to time.

Form Tutors play a valuable role in helping students develop appropriate social and emotional responses and character skills.

Student Wellbeing

The school employs a counsellor three days a week so that children can have regular sessions and drop-in sessions in our specialist therapy room.

RELATIONSHIPS AND SEX EDUCATION (PSHE)

Section 80A of the Education Act 2002 requires relationship and sex education to be provided as part of the National Curriculum at Key Stage 3. It is taught with due regard to moral considerations and an emphasis on the value and importance of family life. The programme, which has been ratified by the governors, is not taught in isolation but within a framework of a personal development programme dealing with the many aspects of growing up.

Parents have the right to withdraw their child from sex education lessons and should discuss the matter with the Headteacher should they wish to do so. They are also welcome to discuss policy matters in this area with the Headteacher, to view teaching materials, look at the policy documents, or to submit a discussion item for the agenda of the governors' annual meeting for parents.

RE, COLLECTIVE WORSHIP AND WORLD VIEWS

Religious Education is an important part of the curriculum at Portal House. It follows the approved Kent Syllabus, which is non-denominational in character. Parents/carers are welcome to see the Scheme of Work. KS3 students have an RE lesson every week and KS4 students have a World View lesson once a fortnight.

Religious Education has a special status as part of the basic curriculum and has equal standing in relation to the core and other foundation subjects. Whilst we consider that the fostering of spiritual and moral values is the responsibility of every teacher and should permeate all aspects of the curriculum, Religious Education is formally timetabled as a subject in its own right, and is co-ordinated by a designated member of staff.

Tutor group assemblies are held once a week (Fridays) and are broadly, though not exclusively, Christian in nature. Whole school assemblies also occur at the end of each term.

Parents who wish to exercise their right to withdraw their child from religious activities are asked to arrange an appointment with the Headteacher before doing so.

EXTRA-CURRICULAR ACTIVITIES

Residentials

Residentials are classified as being within school hours if the number of school sessions missed by the pupil is at least 50% of the number of half days spent on the trip.

Board and lodging

We may charge pupils an amount up to the full cost of board and lodging on residentials whether it is classified as taking place within or outside school hours except where pupils are legally entitled to remission. In such cases no charge will be made for board and lodging.

Travel

If the residential is classified as being within school hours, no charge will be made for travel costs.

Where the residential is classified as being outside school hours, no charge will be made for travel costs.

Activities on residential

If the residential is classified as being within school hours no charge can legally be made for the educational activities provided.

If the residential is classified as being outside school hours, a charge may be made for the educational activities provide.

Music tuition within school hours.

No charge will be made for instrumental tuition that the school elects to provide within school hours.

Damage to property and breakages

We may seek to recover some or all of the costs incurred due to damage or breakage of property through any act other than accidental belonging to the school or to a third party where the school has been charged. This will be determined by the Headteacher but will not exceed the actual costs of the damage. Students will be charged £10 for falsely setting off the fire alarm.

Remissions and Concessions

We may choose to subsidize, in full or part, charges for certain activities and pupils, as determined by the Governing Body, advised by the Headteacher. The circumstances in which concessions are applied will be reviewed regularly.

Voluntary Contributions

We may in certain circumstances invite parents to make a voluntary contribution towards activities that are exempt from charging.

Where we do ask for voluntary contributions, we will make it clear that children of parents who choose not to contribute will not be treated differently from those who do. No pupil will be excluded from the activity if their parents do not contribute.

If an activity cannot go ahead without sufficient voluntary contributions, this will be explained to parents when the contribution is requested. If the activity has to be cancelled due to insufficient funds, all monies received will be returned to parents.

INSET/ Non-contact days for teachers: Over a school year, pupils are required to attend for 190 days/380 sessions. In total, teachers may be required to be available for work on up to 195 days, with the additional days specified by individual schools as non-contact days. Schools may also require teachers to work additional hours before or after school sessions, as an alternative to full non-contact days, provided that any teacher is not required to work in aggregate more than 1,265 hours during a school year. Schools may therefore choose to require teachers to make up the full equivalent of the 5 non-contact days wholly through additional hours, or use a mixture of additional hours and non-contact days.
